# STOPPED

Sheriffs Telling Our Parents and Promoting Educated Drivers

## STOPPED?

- \* A parental notification system which was developed for the state by MSA, the goal of **STOPPED** is to reduce the number of young drivers who are involved in motor vehicle crashes each year.

## How it works?

- \* If the vehicle is pulled over by a participating law enforcement agency while a person under 21 is driving, a notification is sent to the registered owner of the vehicle.

## Register?

- \* Register online at [www.misheriff.org](http://www.misheriff.org) and register any vehicle that will be operated by any person under 21.

## Identification?

- \* An identification decal is issued by MSA and should be affixed to the outside top left corner of the back window of the vehicle.

## Notification?

- \* The notification contains the date and time, the identification number on the decal, and the reason for the stop.
